GMT manufacturing engineering kalpakjian 6th edition pdf - Weman, Klas (2003). Welding processes handbook. New York: CRC Press LLC. ISBN 0-8493-1773-8.;

Manufacturing Engineering and Technology Text book fifth edition by serope kalpakjian and steven R. Schmid Stud welding - Wikipedia - Machining is any of various processes in which a piece of raw material is cut into a desired final shape and size by a controlled material-removal process. The processes that have this common theme, controlled material removal, are today collectively known as subtractive manufacturing, in distinction from processes of controlled material addition, which are known as additive manufacturing. Machining - Wikipedia -
